

Implementing Autology

Internet Addresses to Whitelist

Please whitelist the following URLs / IP Adresses for both **http** & **https**. This may need to be done locally in school or centrally at your broadband provider, or perhaps at both locations. This depends on how your web-filtering is configured.

195.8.126.76

195.8.126.72

www.autologyworld.co.uk

***.autologyworld.co.uk

dlh-***.autologyworld.co.uk

www.bbc.co.uk

www.o2learn.co.uk

www.examsolutions.co.uk

www.geobeats.com

www.green.tv

www.khanacademy.org

smarthistory.khanacademy.org

www.worldbookonline.com

www.worldbook.com

NB Where *** represents your unique community name
(eg acton.autologyworld.co.uk or manchester.autologyworld.co.uk)

You will also need to add the following two sites to the trusted sites in Internet Explorer:

www.autologyworld.co.uk

www.worldbookonline.com

Software Requirements

You will need to have the following applications installed to view all Autology content:

Adobe Acrobat Reader

<http://get.adobe.com/reader>

Adobe Flash Player

<http://get.adobe.com/flashplayer>

Internet Explorer 6 or above

A media player such as Windows Media Player, Real Player or VLC.
